The Clean Room People

LAB SERVICES, as a company was established back in the year 1997, with an intention to improve the quality of filtered air in the manufacturing and R&D areas of industries like Pharmaceuticals, Biotechnology, Electronics. Since its establishment 16 years back, we at LAB SERVICES had the privilege of providing our technical knowhow, products and services to reputed companies.

At LAB SERVICES, we have in house team of Experts, Engineers & Technicians, looking after the design, manufacturing, installation and calibration of Clean/Sterile Rooms, LAF Hoods, Dispensing Sampling Hoods, Biological Safety Cabinets etc. The above said product's are manufactures in accordance with ISO 14644-1, "Clean rooms and Associated Controlled Environments" and are approved cGMP models.

Our list of esteemed client's include: RANBAXY, SUNPHARMA, CADILA PHARMACEUTICALS, CIPLA, TATA CHEMICALS, HEUBACH COLOURS, RPG LIFESCIENCE, HPCL, GAIL, GPC BOARD, MPC BOARD, MPPC BOARD, CPC BOARD, STERLING BIOTECH, NDDDB, KRIBHCO, RELIANCE INDUSTRIES and many more.

CLASS 100, 1000, 10000 & 100000 STERILE/CLEAN ROOM

MANUFACTURING AREA "CLEAN ROOM CLASS 1000"

Lab Equipment

Lab Equipment:

- Dispensing / Sampling Booth (RLAF)
- Garment Cabinet
- Static / Dynamim Passbox
- Mobile LAF Trolley
- Cross Over Bench
- Modular Clean Room Panels & Accessories
- Glass Bead Sterilizer

Laminar Air Flow

Horizontal/Vertical Laminar Air Flow Benches are specially designed to work in Hospitals, Pharmacies, IVF Centers, Food Control, Horticulture in vitro Cultures, also in Electronics, Optics, Micro mechanics etc.

All models are supplied with working area Class A of ISO 14644.

	Horizontal				Vertical			
Models:	HF-1	HF-2	HF-3	HFNS(62)	VF-1	VF-2	VF-3	VFNS(62)
Size:	4X2X2	3X2X2	2X2X2	6X2X2	4X2X2	3X2X2	2X2X2	6X2X2

Clean Air Tents

Flow	Vertical			
Models No.:	VFCAT-1	VFCAT-2	VFCAT-3	VFCATNS
Size in Ft.:	4X2X2	3X2X2	2X2X2	6X2X2

CLEAN AIR TENT

" LAF UNDER CLASS 100 Class A of ISO 14644.

Here is more to Lab excel besides its excellent quality: range of furniture stands out because of its quality and ergonomics. More so, it is designed to survive the toughest conditions of any high performing laboratory.

Our Labexcel range includes Wall-Island and Peninsular Laboratory Benches, Wall and Under Bench Storage Cabinets, Tall Cabinets, Chemical Storage Cabinets, Reagent Racks, Laboratory Work-Tops, Service Lines, Sinks, Service-Ducts and Service-Structures (under & above Bench), Laboratory Faucets & Valves, Laboratory-Stools / Chairs among other essentials for the laboratory.

Lab Furniture

A fume hood or fume cupboard is a type of local ventilation device that is designed to limit exposure to hazardous or toxic fumes, vapors or dusts. A fume hood is typically a large piece of equipment enclosing five sides of a work area, the bottom of which is most commonly located at a standing work height.

Attributes:

- Well designed
- High quality
- Durable

Fume Hood

Bio-logical Safety Cabinet

Biological Safety cabinet provides personnel, environmental and product protection in applications involving biological agents. These cabinets have been designed for safe handling of Cytotoxic drugs , so as to keep the work environment safe and clean from pollutants.

The Bio-Safety cabinets are widely used to describe a variety of containment devices equipped with HEPA filters, designed to provide personal protection, or both personal and product protection from Bio-hazardous materials.

On Site Validation (Add on Services)

1. Air Particle count
2. DOP Leak Test
3. Air Velocity Check
4. Air Flow Pattern
5. Pressure Balancing

We at LAB SERVICES have the engineering know how to provide the total system right from the initial planning to the finished installation and commission. Hence we are a One Stop Solution for all your needs.

We strongly believe that Modern Laboratory Concept carries great deal of importance in designing and hence our professional designers would assist in making the products more ecofriendly and as per its ergonomics.

Whether its design, manufacturing or installation and calibration of Clean/Sterile Rooms, LAF Hoods, etc. LAB SERVICES has it all covered with its latest technology to precisely fit your requirements.
